How to use Silk Prints

- 1 - Spray egg color of choice and spray with sealer (porcelain, matte, gloss etc.)**
- 2 - Cut out silk. Trim off excess silk around oval. Glue silk print to egg. I always apply the glue to the egg and place the silk print on the egg and wipe off the excess glue. I prefer to use Sobo Craft Glue.**
- 3 -When Dry, glue trim (gold cord, pearls, crystals, sawtooth or any trim you prefer) around silk print for finishing touches.**
